The Pacific Regional Federation for Resilience (PRFR)

- an EU-PacTVET project initiative to support: development of accredited qualifications in Climate Change Adaptation (including Disaster Risk Reduction)

Presented by Sarah Hemstock: team leader EU PacTVET

Regional Industry Sector Advisory Committee meeting: Nadi 16 – 19 May 2016
PRFR objectives
leading a united and diverse Pacific regional climate change adaptation industry and professionalising resilience practices

- collective, collaborative and effective representation in industry and government affairs,
- an industry Certification Scheme for practitioners that sets the benchmark of quality for the Resilience industry (CCA & DRR)
- administering a Resilience Industry Skills Advisory Committee (ISAC) to facilitate developments for curriculum and practices, and
- enhance quality assurance
